The Panel resolved to accept the Minutes of the previous meeting as a true and accurate record.

**5. Business Arising From Minutes**

Course checking issues will be more difficult with the implementation of new rules for officials as from 1<sup>st</sup> July. Dirk pointed out that the reason for the course checking was to improve course marking and the standards have lapsed. Needs to happen for next year.

**6. Reports**

*Daniel Rogers asked that Trish pass a thank you to Shelley Howe For providing results from Brookton so promptly*

**7. General Business**

**7.1 OFFICIALS LICENSES**

Some discussion was had on the new officiating system. The rules are tightening up and more helpers need to be signed on as officials. There may be a change of direction for Officials licenses to be category specific in the future

**7.2 CORNER CUTTING**

The problem of corner cutting is back and individual events need to present a consistent response and penalise people as the supplementary regulations call for. The supplementary regulations should have the consistent rules minuted at previous panel meetings, not what individual event organisers decide.

### **7.3 NATIONAL**

There are seven cars from WA going to the National event at Millicent in SA

### **7.4 STANDARD REGS**

There was some discussion regarding a standard set of regulations to apply to all events. It was suggested that should be a priority for next years events.

### **7.5 CALENDAR**

Calendar will be set at the August meeting provided the national calendar is confirmed.

### **7.6 PROCEDURE**

It was discussed that when no important business is on the Agenda there is no need for the panel to meet. It was decided that all Agenda items should be presented to the Chairman via the State Office one week before the meeting. The chair will then produce an agenda and email to the panel members. The panel was also reminded that as per a previous panel decision (APRIL 2001) all visitors must register their interest through a panel delegate at least one week prior to attending.
