

Western Desert Racers

Media Release – Harvey Short Course February 08 - CANCELLED

11 January 2008

It is with regret that the organizers of the short course series have had to take the step of canceling the event booked at Harvey for FEB 8th.

Event organizer Jeremy Beck said “Unfortunately the ‘lease negotiations’ with the shire of Harvey have put us in the position of having to wait for formal approval before we can use the motorsport reserve for FEB 8th. This approval will not come in time to proceed with the event on the planned date”.

Since the re-birth of the short course series in 2006, Western Desert Racers have held four successful events at the Harvey Site. “The organizers would like to thank all of the sponsors, officials, competitors and supporters who have brought the event back to the forefront of club level racing in WA. We hope that with continued support that we can continue the growth later in 2008” Mr. Beck said.

With the cancellation of the event, the first event for the year in WA will be the Hyden 400 at Easter.
