

Fuel Stops

12th March 2011.

It has been brought to the attention of the organisers of the ARB Pinjarra Engineering Hyden 450, that there are a significant number of vehicles which will be unable to complete two 112km laps at Smithy's Place, without stopping to refuel.

The organisers are not comfortable with the inherent safety implications "hot" fuel stops. To that end, optional "Griffith Style" refuel stops will be introduced. Details of how these will operate will be advised in Further Regulations.

Any questions or queries, please contact Clerk of the Course – Daniel Rogers – hyden@westerndesertracers.com or 0417 910 675.
