

Western Desert Racers

WA's Premier Off Road Racing Club

GPO BOX W429, WELSHPOOL, WA 6986

26th February 2007

To all interested Parties,

As you may be aware Western Desert Racers are now online at www.westerndesertracers.com

We see this as the first part of a permanent step into the electronic age. The next step is to move as much communication with competitors, club members and interested parties over to electronic media. This electronic communication will be more timely, cheaper and generally of a higher quality than its paper cousins. We will still have a paper system for those that want it.

If you would like to be put on this mailing list please visit www.westerndesertracers.com and follow the link from the news page to the form. Alternately send an email to jeremy@kitchensolutions.com.au and I will respond with an email with the appropriate form for you to fill in the information to put you on the list.

If you are on the mailing list, Western Desert Racers will only make contact with you via electronic means. This will include mail regarding events, functions etc and also email reminders that information has been posted on www.westerndesertracers.com your details will not be passed on to any third party (such as other clubs or sponsors with off road related products) unless you check the appropriate box.

We hope that this initiative will enable you to receive accurate reliable information as fast as possible at a minimum cost to all concerned.

Yours faithfully

Jeremy Beck
Western Desert Racers Events Coordinator
